

Apply **BlueMigration** for heterogeneous SAP migrations – cost reduced, optimized and reliable.

Master all these tasks with brilliance using BlueMigration:

- Do you plan to implement **SAP Hana**? Are you moving to the **Cloud**? BlueMigration ensures a seamless migration of your data.
- Do you plan a **change to a new database** and would like to avoid any **risks**? BlueMigration moves and converts your data with 100% accuracy and outstanding performance
- Would you like to use the **latest SAP applications** without expanding your own infrastructure or want to **test your new infrastructure**? BlueMigration gives you the freedom to implement these changes quickly and without any risk.

Empirius GmbH is an owner managed company founded in 2005. We offer services and tools for SAP basis. Since the beginning our focus was “optimized automation of SAP system copies”. As far as we are aware, we are the only provider all over the world having this as focal topic and not only as a side issue.

Using BlueMigration you are always on the bright side:

Safety instead of error sources: BlueMigration makes manual shifting and converting of data redundant. This ensures avoiding annoying and dangerous entry errors.

Speed instead of time loss: BlueMigration saves you lots of time consuming manual migration steps.

Cost advantage over human resource expenses: Using BlueMigration all the essential tests and coordination is done simple and fast. Thus you are saving a lot of expensive work hours.

Calculable project costs instead of black box: BlueMigration means reliability against unforeseen situations and technical problems. Using BlueMigration translates to more protection of your investment.

Benefit from a proven and reliable migration concept.

With BlueMigration you benefit from the treasure trove of experience of hundreds of successful migrations. All our knowledge regarding efficient processes and sustainable data security is summarized in this very intelligent solution for SAP data migration. The key features of this trailblazing concept are:

- Standardized and lean project organization
- Highly organized filing structure including templates for all required documents

- A set of tools supporting you during the whole migration process:
 - Planning: Analyzing tools
 - Preparing: Migration planner
 - Execution: Automated consistency checks and monitoring assistance
- The migration is documented compliant to any needed audit trail requirements

We attend you with useful experiences of our SAP certified OS/DB-engineers:

Our SAP certified OS/DB engineers are trained for our standardized and field-proven methodology. The project can either be completely executed by our engineers or we train you in the approach and use of the toolbox so that you and your engineers can make the migration self-reliant.

Exactly the service you need: BlueMigration Service Packages.

With our BlueMigration Service, you only pay for what you really need. Three different packages are offered:

FEATURES	SILVER	GOLD	PLATINIUM
Analysis workshop to plan and determine the critical path and risk assessment	X	X	X
Toolbox	X	X	X
Assisted coaching and - if required - project management	X	X	X
Active collaboration with our certified and very experienced engineers		X	X
Onsite training in theory and exercises		X	X
Main contractor			X
Insurances			X
Optional: offered on a fixed price basis			X

You use BlueMigration. And retain many advantages:

- Trusted and reliable planning
- Cost reduction because of lean project organization
- Adherence to schedules and cost based on a structured approach
- Significant increase of quality
- Technical support using the toolbox
- Integrated and automated quality insurance resulting in reduced testing effort needed
- Well established and field-proven methodology
- From analysis to delivery – consistent, elaborated and perfectly organized

Need proof of BlueMigration performance? Gladly – at any time! Have a look at one of our reference projects!

On behalf of FI-TS, a subsidiary of Finanz Informatik (FI) and member of the Deutsche Sparkassen-Finanzgruppe BlueMigration showed its (enormous) potential. Read more about the scope of work and the smooth migration.
